

Apparel & Consumer Goods

Apparel and Accessories Testing, Inspection and Certification Services
for Global Brands

A non-profit global leader in the testing,
inspection and certification industry,
we provide the most advanced technologies
and skills to ensure the quality of our services.

About FITI

The first KOLAS accredited laboratory in Korea

FITI is the first laboratory in Korea to obtain ISO 17020 and 17025 accreditation from Korea Laboratory Accreditation Scheme (KOLAS).

Multi-field testing & research institute

FITI Testing and Research Institute is an affiliate of Korean Agency for Technology and Standards. We are a multi-field testing & research institute with expertise in apparel, consumer goods, industrial materials and environmental analysis.

In industrial material fields, we test and evaluate geotextile, automotive decor, water safety equipments, artificial turf, filters, etc.

In environmental fields, we analyze water quality, air quality, soil, children's play area safety, asbestosis, etc.

Global Network

FITI's services are available worldwide in association with TÜV Rheinland and SKZ in Germany, INNtex in Mexico, BOKEN in Japan, CTTC, CTT, CIQ and QFI in China, Texanlab in India, SUCOFINDO in Indonesia, TRI in Vietnam and THTI in Thailand.

Established FITI Hanoi Office

Total Quality Solution Provider

FITI Testing & Research Institute offers our clients a comprehensive quality solution ranging from testing and inspection to factory evaluation, social compliance audit, training and root cause analysis. With our 50 years of experience and technical experts in different areas, we provide our clients with extensive quality management services.

Testing

We provide all types of testing services including physical properties testing, fiber analysis, harmful substance analysis, heavy metal analysis and functional textile testing.

Inspection

We provide all types of inspection services including fabric, product and during-process inspection.

Certification

Through quality certification systems such as Cashmere Mark and Sanitary Finish Mark, we promote product safety and quality.

Factory Evaluation and Social Compliance Audit

With factory evaluation and social compliance audit, we help our clients develop and improve their production management.

Training

FITI provides education and training on all subjects requested by our clients including test methods, quality management, regulatory updates and global brand testing manual guidance.

Root Cause Analysis

We perform root cause analysis on manufacturing process and final products with our latest analysis instruments.

100+ FITI's Global Brand Clients

Our laboratories are accredited by many global brands and we conduct tests according to each brand's requirement. As the leading global testing service provider in Korea, we are doing our best to satisfy our clients' needs.

Americas Region

60 brands including Gap Inc, KOHL'S, Jones Group New York & Company, Levi's, Polo Ralph Lauren, Perry Ellis, Forever21, Guess, American Apparel

European Region

40 brands including Marks & Spencer, Arcadia, NEXT, H&M, Mango, Debenhams, Kappahl, Decathlon, Karen Millen

★ NO.1 Testing Service Competitiveness

WHY FITI

Faster Turnaround Time

FITI provides the fastest turnaround times in the industry with a standard of 3 working days. Our decades of quality expertise and supply chain innovations allow us to allocate our resources to provide more responsive and more accurate results for all of our valued clients.

Competitive Testing Fee

As a non-profit institution, FITI offers 5~30% lower fee compared to the industry average. Faster turnaround time further reduces cost by 8.5%.

Quality Manual & Review

Based on our extensive understanding of regulatory requirements and the accumulated experience as a quality assurance service provider, we offer our clients safety and quality manuals best suited for their needs. If there is a preexisting quality manual, we can provide updates by complimentary reviews.

Regulatory Update

Regulatory information is provided biweekly via FITI Plus newsletter. We help our clients deal with increasingly complicated regulatory requirements and achieve compliance.

IT support

Through FITI BizConnect service, our clients can access every test report from anywhere in the world simply by accessing our website. Test related statistical information is also available on the website.

Global Network

FITI is the first Korean testing institute with global service network. Our clients can utilize our services in major producing countries around the world.

China

FITI has offices in Beijing, Shanghai, Qingdao, Yantai, Guangzhou, Dongguan, Shenzhen, Dalian and Suzhou, and we are looking forward to expanding our business throughout China.

Southeast Asia

We support businesses in emerging markets such as India, Indonesia, Thailand and Vietnam.

United States

FITI is the first Korean testing institution that established an office in LA. We are managing close relationship with global brands and supporting suppliers.

Testing Services for Various Items

We are diversifying our testing capabilities and expanding our business in various areas such as textile, apparel, trim components, accessories, toy and footwear.

Textile

yarn, fabric, finished product, leather, etc.

Trims & Accessories

accessory, bag, gloves, embroidery, etc.

Toy

stuffed toy, mobile toy, Arts & Crafts, etc.

Hardline

footwear, home textile, etc.

Others

animal fiber, industrial waste, wastewater, etc.
